PROFESSIONAL SUMMARY

AI-enabled E-Commerce, Catalog & Product Content professional with **6+ years** of experience in multi-website catalog management, digital merchandising, product data governance, vendor onboarding, pricing strategy, and conversion-focused content across **Amazon, Ashley Furniture Industries, and WebLife Stores** in multi-store D2C e-commerce environments. Hands-on experience with **Magento 2, Shopify, WooCommerce, Google Merchant Center (GMC), PDP content quality, listing optimisation, and catalog issue resolution** at scale. Proven ability to maintain product data integrity, improve digital merchandising and customer experience, and translate product, search, pricing, and performance data into commercially relevant insights. Experienced in building AI-augmented workflows using **Claude, Gemini, and ChatGPT**, developing reusable SOPs, quality standards, dashboards, and data models, and coaching teams on catalog accuracy and independent execution. MBA with certifications in Digital Marketing, SEO, and Advanced Excel

CORE COMPETENCIES

- Multi-Website Catalogue Management
- Product Uploads, Listing QA & Coordination
- Catalog Issue Resolution (IR) & Escalations
- Digital Merchandising & Conversion Optimisation
- Catalog Governance & Feed Operations
- Quantitative Analysis & Profitability Tracking
- Google Merchant Center (GMC) & Feed Management
- Pricing Strategy, Margin & COGS Optimisation
- SOP Development & Workflow Documentation
- Magento 2, Shopify & WooCommerce Platforms
- Vendor Onboarding & Vendor Intelligence
- AI-Assisted Workflows & Process Improvement

PROFESSIONAL EXPERIENCE

Catalog Specialist

WebLife Stores, El Dorado Hills, CA, USA · Remote *Feb 2026 – Present*

Key Achievements & Initiatives

- Manage product content, messaging, brand standards, and catalog architecture across **8 e-commerce storefronts** on **Magento 2, WooCommerce, and Shopify**, ensuring product-data accuracy, brand consistency, and a consistent customer experience.
- Own **Google Merchant Center (GMC**), product feed management, issue resolution, and account health reporting across all storefronts; reduced daily feed issues from **200+** to fewer than **15**, achieving a **92%** reduction through systematic resolution of disapprovals, policy violations, and data-quality errors.
- **Optimize PDP content**, including product titles, descriptions, attributes, images, specifications, and supporting content, to improve discoverability, content quality, customer confidence, and conversion potential.
- Manage vendor pricing and commercial analysis for Florence, Whitehall, etc. validating **COGS, margins, and pricing alignment** while conducting competitive pricing analysis to support gross-margin targets.
- Manage **end-to-end product uploads, listing QA, product launches**, and catalog updates across Magento 2, WooCommerce, and Shopify, including attribute mapping, image validation, content review, and pre-publish quality assurance.
- Drive **digital merchandising** and conversion optimization by improving product presentation, content completeness, and customer-facing information; develop analytical dashboards and operational tools to support data-driven decision-making and cross-functional visibility.
- Develop and maintain **catalog SOPs, content standards, QA frameworks**, and workflow documentation, standardizing product uploads, quality checks, issue resolution, and catalog governance for repeatable, audit-ready execution.
- Build and improve AI-augmented catalog and product-content workflows using Claude and ChatGPT for content validation, data-quality checks, structured analysis, issue resolution, and process improvement; collaborate with Marketing, Merchandising, Order Processing, and Warehouse teams to maintain accurate product information.

E-Commerce Merchandising & Vendor Management Assistant

Ashley Furniture Industries, Bangalore, India *Dec 2024 – Feb 2026*

Key Achievements & Initiatives

- Facilitated **vendor onboarding** and product setup, ensuring compliance with quality and delivery standards; updated centralised vendor master contact list to streamline cross-functional workflows.
- Audited product listings and validated images, descriptions, and specifications; managed **credit memos and reconciliations** for major events including *Black Friday* and *MDF campaigns*.
- Conducted **competitive pricing and market analysis**, prepared weekly **inventory and demand forecasting** reports, and aligned listings with regional pricing standards to enhance profitability.
- Partnered with Quality and Content teams on QC documentation, driving a **50% increase in product activations month-over-month**, and delivered training sessions with **100% team completion success**.

Catalogue Quality Analyst / Catalogue Specialist / Catalogue Associate

Amazon, Bangalore, India *Oct 2020 – Dec 2024*

Key Achievements & Initiatives

- Implemented **Total Quality Management (TQM)** initiatives, increasing catalogue **precision from 97% to 99%** and enhancing operational efficiency across catalog quality workflows.
- Supported **relevance improvement programs** across **20 U.S. marketplace segments**, driving **+369MM OPS, +22MM SP revenue**, and reducing IR rates by **69bps (desktop) / 76bps (mobile)**.
- Lead and coach Catalog Assistants on issue triage, QA standards, product-data accuracy, and repeatable catalog workflows; provide guidance and feedback to improve independent execution.
- Performed **product relevancy and content quality audits** including search query mapping, detail page validation, and sensitive content review across all English marketplaces.

KEY PROJECTS & IMPACT

Engage 3 Mapping (US Marketplace) — Mapped 200+ products daily and balanced pricing against competitors.

Board Match Improvement (EN Marketplace) — Built advanced query–keyword matching system; lifted catalogue customer satisfaction by **20%**.

Sensitive & Egregious Audit Launch — Co-developed advanced content labelling system, reducing inappropriate listings by **50%**.

Whole Page Experience (EN Marketplace) — Unified irrelevance definitions across SP and Organic Search; rolled out policy updates to 1P/3P reviewers.

EDUCATION

Master of Business Administration (MBA) | AJ Institute of Management, Mangalore University | 2020
Bachelor of Commerce (B. Com) | College of Applied Science Pattuvam, Kannur University | 2018
